As a reliable remedy, in cases of Croup, Whooping Cough, or sudden Colds, and for the prompt relief and cure of throat and lung diseases, Ayer's Cherry Pectoral is invaluable. Mrs. E. G. Edgerly, Council Bluffs, Iowa, writes: "I consider Ayer's Cherry Pectoral a most important remedy for home use. I have tested its curative power, in my family, many times during the past thirty years, and never known it to fail. It will redress the most serious affection of the throat and lungs, whether in children or adults." John H. Stoddard, Petersburg, Va., writes: "I have never found a medicine equal to

SAM JONES' SERMON. "WHOSOEVER IS BORN OF GOD DOTH NOT COMMIT SIN."

"If I Go to Hell I Want to Be a Gentleman in Hell—Don't Want to Be a Slave Anywhere"—A Powerful Discourse by the Great Evangelist.

CINCINNATI, Feb. 5.—Sam Jones preaches again to a great crowd. The announcement that he is to preach has now become synonymous of a vast crowd that will gather to hear him, and last night was no exception to the prevailing rule, for a vast seat in the Tabernacle was filled and hundreds stood around the balcony rails.

The stage was occupied by a number of local ministers and the choir, the latter rendering some most excellent music during the sermon under the direction of Mr. J. Maxwell.

Rev. Mr. Jones, accompanied by his wife, Rev. Mrs. Jones, had just finished his discourse when a pleasant-faced, motherly appearing woman, and who sat in a lighter-stained wooden chair, was introduced. She had a white collar which was confined in the center by a plain gold pin. She wore a dark lace-trimmed dress, and while the distinguished speaker was holding the attention of the vast crowd with his wonderful preaching, she sat in a simple chair, her left arm resting on a hymn-book which lay open before her. By Mrs. Jones' side was a pretty young lady of about fourteen, with black eyes and curling black hair.

After an appropriate prayer, Rev. Mr. Jones turned again to the front, and after gazing curiously round, he said:

"I want to read a letter I received this afternoon from Mrs. Jones."

"Rev. Mr. Jones, God bless you. It is too late to do my two boys any good, but I am praying you may do some other good."

"I am sorry to say, Ayer's Cherry Pectoral cured my wife of severe lung affection supposed to be Quick Consumption. We now regard the Pectoral as a household necessity." E. M. Breckinridge, Brainerd, Minn., writes: "I am subject to Bronchitis, and, wherever I go, am always sure to have a bottle of

Ayer's Cherry Pectoral with me. It is without a rival for the cure of bronchial affections."

THE BEST

soon after bestowed upon man is perfect health. The true way to insure health is to purify your blood with Ayer's Sarsaparilla. Mrs. Eliza A. Cough, 34 Arlington st., Lowell, Mass., writes: "Every winter and spring my family, including myself, use several bottles of Ayer's Sarsaparilla. Experience has convinced me that, as a powerful

Blood

purifier, it is very much superior to any other preparation of Sarsaparilla. All persons of serofus or consumptive tendencies, and especially delicate children, are sure to be greatly benefited by its use." W. J. Starr, Lucas, Iowa, writes: "For years I was troubled with Serofus complaints. I tried several different preparations, which did me little, if any, good. Two bottles of Ayer's Sarsaparilla effected a complete cure. It is my opinion that this medicina is the best blood purifier."

I have taken several bottles, am greatly benefited, and believe it to be the best of blood purifiers." R. Harris, Creel City, Itasca Co., Dakota, writes: "I have been an intense sufferer, with Dyspepsia, for the past three years. Six months ago I began to use

THE EVENING BULLETIN

FRIDAY, FEBRUARY 5, 1868.

SINCE 1870 the assessed value of property in the South has increased nearly \$1,000,000.

In the past five years over \$570,000,000 has been invested in railroads in the South, and the good work still goes on. Over 10,000 miles of road were constructed in that time.

In some parts of New York City real estate sells for \$2,000,000 an acre. A fellow who wouldn't be satisfied with about a quarter of an acre of such ground is evidently hard to please.

A DESPATCH from Washington of the 3rd inst., says: "The Senate Committee on Finance will probably take up at the next meeting the charges filed against J. F. Robinson, Collector of Internal Revenue of the Seventh district of Kentucky, alleging that he never settled his accounts as Collector of Taxes of Lexington and stands on the books of the county as a defaulter."

The measure before the Legislature to make gambling a felony has the undivided support of the press and the enthusiastic approval of an overwhelming majority of the citizens of Louisville. The Legislature should be wise enough to listen to the teaching of a people, who have seen all sides of this question and know what is wanted. The bill should be made a law. —[Louisville Commercial,

One of the oldest and most responsible advertising agents in the business is J. H. Bates of New York. A pamphlet recently issued by him gives some interesting facts which it would be well for business men to consider. His remarks are especially valuable from the fact that they are the result of years of experience. Among other things he says:

"It agrees with my experience that newspaper advertising is profitable. As I look back over the very considerable number of those whose advertising I have done, I do not now recall a single one who judiciously, perseveringly, and freely pushed good articles, of whatever kind, in the newspapers, and did not make at least a fair success, while a great many have gained ample fortunes. I will not mention names in support of this statement, as I could easily do, but the list is a large one. Indeed, it has been my observation that it is easier for large advertisers to make money than to keep it. Often it comes in so fast that the head gets turned, and lavish personal expenditures and unprofitable investments swallow up the fortunes which, had they been longer in making, would likely have been more permanent. When business men come to look on the cost of steady newspaper advertising as an investment, sure to pay as well as any other, they will use it more systematically than heretofore, and regard it as a necessary item of expense."

SCHOOL NOTES.

SUMMER THIRTY-FIVE—LAWRENCE CREEK.
Census report, 83; number on roll, 50; highest attendance, 33; lowest attendance, 13. The school house is frame and in very good condition, but has not been repaired for several years, and is in debt of \$35. The teacher complained bitterly of the furniture, and I am sorry to say not without some cause. It would be a matter of congratulation to the district if the house could be furnished better.

The trustees are Samuel Perrine, Col. Ricketts and R. Jennings. Mr. Ricketts and Mr. Jennings have visited the school. In response to the question as to whether the patrons and trustees are anxious to have the school of public school, the teacher responded: "I can assure you that they are not. I presume some of them, at least, are to some extent 'aroused' though they have made no outward demonstration of interest." Not enough of the parents and friends have made the school a visit." The district supplemented the teacher's salary with \$50.

O. A. Bowman is teaching here. He has taught for three years, our term, and taken no educational journals. He writes: "I use the written methods in grammar, history, arithmetic, spelling and primary reading to the utmost extent." Mr. Bowman is an energetic and systematic teacher, and the discipline and working interest of his school are creditable.

NUMBER THIRTY-SIX—BULL CREEK.

Census report, 92; number on roll, 43; highest attendance, 40; lowest attendance, 17; average attendance, 28. Many Bryan boys have been here. The school is a frame and very comfortable, but would be improved by a coat of paint within. Its value is placed at \$300. The furniture is indifferent. The trustees are Horatio Hall, Samuel Burrill and William H. Johnson. The trustees are not being anxious to the school interests. Andrew Calburn has visited the school. The district raised \$5.00 for school purposes.

Mrs. Bella Taylor is teaching here. She has visited the National Normal at Lelton, Ohio, three terms, and brings much of the Normal system and vigor to her work. She has read this term "Chamber's Miscellany of Useful Knowledge." The pupils of this district under Mrs. Taylor's charge for three long terms have made good advancement and what she has taught them she has impressed. In a word she has made them understand and enjoy the lessons presented. —L. W. GALBRAITH.

A STORM AND STRIKE.

A HEAVY FALL OF SNOW SERIOUSLY IMPEDES TRAVEL.

To Further Complicate Matters the Street Car Men Quit Work, to the Great Inconvenience of the Public—"Seas" and Police—The "L" Roads Jammed.

NEW YORK, Feb. 5.— The snow storm which set in yesterday morning still prevails. Fine dry flakes are falling with a brisk, cold wind. The snow already lays to the depth of nearly a foot, and travel of all kind is more or less delayed. To add to the discomfiture of the traveling public and to drown drivers whose business is in the lower portions of the city, the conductors and drivers of all the surface roads on the West side of the city and between Sixth and Seventh and Fourth avenues lined up also those of the Broadway line went on a strike—about two thousand seven hundred men in all.

Their grievance as far as can be learned is that they demand for curtailment of their hours of labor, and that they are paid only 50 cents an hour for 10 hours of work. But very few cars are run on those of the lines named and on those that were sent out from the company's stables had two policemen stationed on the front platform in order to prevent the drivers from starting the cars. The "L" roadmen are also those who manned the cars. Groups of strikers congregated along the lines of the arched roads and excitedly discussed the situation, and made at attempt at a breach.

Populists living along the lines of the roads on which the strike was in progress had to wait themselves of the elevated roads, and the crowd at times of these stations became very great. People who had been compelled to remain at home were crowded on the platforms in their efforts to reach the platform while the trains were filled to overflowing. The platforms of the cars were jammed with people, and it was with great difficulty that the cars could be started.

The snow on the elevated road platforms at this time was so great that employes had to be stationed at the foot of the stairs leading to some of them and prevent others from ascending.

VANCEBORN has granted the Mayville and Big Sandy railroad the right of way. The citizens of that place are, it is said, enthusiastic in their efforts to secure the building of the road, and are doing all they can in favor of the enterprise.

RAILROADS have developed an annual trade of \$1,000,000 in poultry in this State. In addition to this, an exchange says: "The trade in eggs has grown to such enormous dimensions we are almost afraid to make a statement of simple facts lest they startle the reader and cause him to doubt their accuracy."

The United States Lyceum Association, of New York, have written here for a date for the Madam Camillo Ursu Concert Troupe. This is the same association that managed the Boston Mendelssohn Quartette Company that was here last Spring. Madam Ursu has the reputation of being one of the most renowned violinists of the world.

Hall's Vegetable Sicilian Hair Renewer imparts a fine gloss and freshness to the hair, and is highly recommended by physicians, clergymen, and scientists, as a preparation accomplishing wonderful results. It is a certain remedy for removing dandruff, making the scalp white and clean, and restoring gray hair to its youthful color.

Notice.

All members of the Uniform Degree Camp I. O. O. F. are earnestly requested to report in full uniform at lodge room next Monday evening, February 8th, to be mustered in the Canton. Lieutenant-Colonel E. G. Elliott of Lexington will be present for that purpose.

J. M. C. BALLINGER, Commander.

An Ohio wheat grower who several years ago allowed his flock of sheep to graze upon part of a field of winter wheat which had been so bally frozen in the spring that it was thought to be ruined was much surprised to find upon harvesting and threshing his crop that the portion cropped close to the ground by the sheep yielded at the rate of several bushels per acre more than that portion upon which the sheep were not permitted to run. Since then he has practiced pasturing his wheat fields until past the middle of April each year and has succeeded in raising an average from twenty-five to thirty bushels per acre. The fields are often fed so close that it seems at a distance as though there was no herbage upon the ground. —[Exchange.]

CITY COUNCIL.

Mrs. Miller Chosen Matron of the Alma House, but It Requires 126 Ballots to Decide the Matter—Brief Synopsis of Proceedings.

The regular monthly meeting of the city council was held last evening. All the members were present except J. M. Stockton. After the minutes of the last meetings were read and approved, Collector and Treasurer C. S. Leach's monthly report was presented. It shows the following:

On hand January 1.....\$78,04 Received during month.....7,032.00 Paid out on hand.....2,024.72

It also showed a balance of \$90,07.04 in fines, bonds and taxes collected during the month, before his retirement from office, and Marshal Hefflin \$2 for rest of the month.

Ex-Mayor January reported \$32 for fines assessed from January 1st to 11th, and Mayor Pearce, \$75 fines assessed for the rest of the month.

Ex-Marshal Redmond reported \$166.01 in fines, bonds and taxes collected during the month, before his retirement from office, and Marshal Hefflin \$2 for rest of month.

Wharfmaster Phister reported \$122 wharfage for the month.

Clerk reported he had drawn orders for \$2,610.92 during month.

Committees reported they had examined the books of ex-Collector and Treasurer Pearce for year 1885 and found them correct, and that the books, etc., of the office had been turned over to his successor. It also reported the Mayor's books for 1885 correct and that that officer was entitled to \$180 cash worked out by prisoners. The books, notes, etc., paid by Treasurer were presented and burned by the committee.

In the matter of repairs to Sutton street and Maddox Avenue, having papers board in County Infirmary, and securing amendments to charter as to Mayor's and Marshal's fees and some other matters of minor importance, the committees were given further time.

Ex-Marshall Redmond was allowed \$473.91 for collecting \$3,159.40 taxes. He was also credited with \$498.11 for delinquent taxes for 1885 not collected, and same was ordered retained with Marshal Hefflin for collection.

Claims and accounts amounting to \$538.11 were allowed and ordered paid.

Ex-Mayor January was allowed \$893.44 amount expended for stationery during his various term of office.

Committees were given further time for abating nuisances about opera house, and in front of Charles Phister's property on Fleming pine.

Subscriptions amounting to \$51 to aid in making side-walk on Fleming pine were reported and further time given committee.

Further time was given committee to make crossing at Bank street.

An amendment to the ferry ordinance was offered and the whole matter continued till next meeting.

The ordinance to prevent coffee houses, etc., from keeping open on Sunday was amended so that not part of the fine be given to the informer hereafter.

A committee was authorized to investigate city's title to Lee street, from Second to Third, before making the extension heretofore ordered.

The pay for keeping paupers at almshouse was reduced from \$1.50 to \$2 per week.

The council then proceeded to elect a matron for the almshouse. The following ladies were placed in nomination: Mrs. Jacob Miller, Mrs. Mary Fox Kinstler, Mrs. King, Mrs. Peter Rother, Mrs. Ross Niland, Mrs. W. J. Nichol, Mrs. Philip Hise, Mrs. G. W. Oldham, Mrs. Lucinda Crawford, Mrs. John Whitington, Mrs. James Grant and Mrs. Frank Vicroy.

All the wards were represented. Westport showed up with a candidate, and one Councilman intimated that one of the fair office-seekers failed from Aberdeen. The members as well as the audience thought it was a good joke at first, but in this they were badly mistaken.

The fight soon narrowed down to Mrs. Miller, Mrs. Rother, Mrs. Oldham and Mrs. Kinstler. At the fifth ballot, Mr. Hechinger moved that the bindmost candidate be dropped after the one hundredth ballot, but it caused such a kick that it was hurriedly withdrawn. Every body wanted fair play. An effort was made to finish the other business first, but was voted down. A motion to adjourn met with the same fate. The balloting proceeded. About one hundredth ballot, another motion to adjourn was ruled out of order on the ground that no motion was in order while a vote was being taken. Mr. Alexander, who made the motion, appealed to the house, but the Chairman's decision was sustained. It looked as though the dead lock would last all night, but finally, at half past 11 o'clock, after over two hours voting, Mrs. Miller was elected on the 12th ballot.

Morris & Frey's proposition for city printing was accepted.

Leach & Cheneowth was given permission to erect shed and small room at ice factory.

Dick Rice was appointed special policeman at opera house.

It was ordered that Wm. Driscoll be sworn as special night policeman.

A motion by Mr. Blanchard to have Council chamber repainted was laid over.

An amendment to city charter as to collection of taxes was read.

Petition of Amazon Fire Company for hose reel was laid over till next meeting. Council adjourned at 12 o'clock.

HAVE tested Tongaline in meningitis. It is very seldom that I give laudatory notice or praise of proprietary medicines, but Tongaline has given me perfect satisfaction—C. R. Ostrander, M. D., Fairbury, Ills.

NOTICE.

The Masonic Fraternity is hereby notified to meet at livery room Sunday at 10 a.m., for the purpose of attending the memorial services of our late brother, the lamented Andrew T. Cox, to be held at the Central Presbyterian Church on that day.

Washington's Birthday.

Preparations are being made at Lexington to celebrate in an appropriate manner Washington's birthday, which falls on Monday, the 22d of this month. Congress and the Legislatures of the States have made it a national holiday, and it will be right and proper for all liberty-loving Americans to commemorate his birthday in an appropriate manner. If an effort was made by some of our citizens for the occasion, to take place at the opera house or some one of the churches on the evening of the 22d. This would give all an opportunity to attend. "A word to the wise is sufficient."

Judge Cole in Earliest.

The Rowan Circuit Court commenced last Tuesday but there was little or no business transacted. A special to the Courier-Journal says, "Judge Cole is thoroughly interested in his work and will leave no stone unturned to save every malefactor dealt with by the law prescribes. He is fearless and will discharge his duties at all hazards." A serious incident occurred in the court room this morning. The Judge stated that after the jury was instructed he would have every man in the house searched for weapons; thereupon there was a general stampede, and out of the concourse of people who crowded the court room only a corporal's guard remained. He has signified his intention to follow this course in the future, and the Sheriff will be placed at the door each morning to direct each man who enters of his arsenal."
